

High Performance Teamwork: Psychological Capital

High Performance Teamwork: Psychological Capital

Course Description:

This course is designed to enhance participants' abilities to improve team and organizational performance through the development of psychological resources of hope, efficacy, resilience, and optimism (psychological capital).

Participants will examine the benefits of building psychological strengths while clearing up misconceptions about weakness. Participants will also walk away with tools they can immediately put to use in the workplace. Topics covered include:

- Operational and organizational stressors
- Job burnout and officer safety
- The effects of job demands and resources
- Strategies for developing psychological capital

*This course is one of two courses offered by the instructor on July 2nd. Participants registering for both courses will receive the discounted price of \$120.
