B. Title IX Protocol

- a) The College and the School District acknowledge that jurisdiction over incidents falling within Title IX can be difficult to determine with respect to Dual Credit Programs, and sometimes jurisdiction is shared by both parties. This protocol is agreed to by the College and the School District to establish clarity and coordination with a set of consistent guidelines for each to follow. The general principle is one of establishing a nexus, and determining which party has the strongest nexus to the alleged misconduct, or whether a nexus reasonably exists with respect to the jurisdiction of both parties, in which case jurisdiction exists for both and in most cases will result in collaborative investigations and separate resolutions in accordance with the policies of each party. In all collaborative processes, the parties agree to share investigation-related information with each other to the extent permitted by law.
- b) In any complaint where the law permits, the College and the School District agree to share information about the outcome of the complaint with the other party to the extent the outcome impacts the other party or its students/employees.
- c) In any circumstance where the parties agree to do so, or where the respondent dual credit student or employee is arguably under the jurisdiction of both parties (regardless of who controls the venue), investigations can be conducted jointly with (at least) one representative from each party. The results of the investigation (one joint investigation report encompassing the policies of both parties) will be made available to both parties, with appropriate redactions as necessary. The parties may then each use the results of the investigation to pursue their own independent resolutions of the complaint. Where investigation procedures of the parties differ substantially, it may be impossible for a collaborative investigation to comply with both, in which case separate investigations should be conducted.
- d) Where one party controls the venue of the alleged misconduct and the respondent is a student or employee of that same party, that party shall normally have primary jurisdiction over the complaint.
- e) Where a party controls the venue in which the complainant is its student/employee and the respondent is the student or employee of another party, the complainant will have the right to file a complaint within the other party's grievance process. The party in which the complainant is enrolled is responsible for providing supportive measures to the complainant.
- f) Where a party provides only instruction/credit for a course, and is not otherwise involved in any way in an act of misconduct, that party shall have no responsibility under this protocol except as policy otherwise requires (e.g., mandated reporting responsibilities).
- g) Where a party controls only the venue of a course, and is not otherwise involved in any way in an act of misconduct, that party will review any needed remedial measures related to the safety of the venue and implement them accordingly.
- h) Control:
 - i. A party who controls the venue and the instruction, provides an employee for instruction, and provides credit for the course controls that course.

- ii. A party who provides instruction in the venue of the other party does not control that venue.
- i) Each party’s employees are expected/encouraged to participate as witnesses in any resolution process, as necessary.
- j) Student:
 - i. A student enrolled in a dual-credit/early college course is a student of both parties, regardless of which party has the primary relationship with the student.
 - ii. Any party’s policies and procedures will explicitly be made applicable to its students, including those who are dual-enrolled/participating in early college.
- k) Imposing consequences on a respondent by two parties is appropriate when the student is enrolled within the educational program of both parties, though the parties can agree that only one party will enforce its policies and procedures in a given situation. In such situations, the parties may agree that the party with the primary relationship to the student will take the lead and/or enforce its policies and procedures, or that the party in whose program the incident took place will normally have primary jurisdiction.
- l) Each course should clearly designate which party’s educational program the course is part of, and/or whether more than one party is the sponsor/provider of a course.

12) NON-DISCRIMINATION

The College prohibits discrimination, including harassment, and sexual misconduct against any employee, applicant for employment, student or applicant for admission on the basis of any protected class or any other basis prohibited by law. Protected classes at the College include: race, color, national origin, religion, age, sex, sexual orientation, gender, gender identity, physical or mental disability, genetic information, veteran status or any other basis prohibited by law.

Discrimination is defined as prohibited conduct directed at an employee or student on the basis of race, color, national origin, religion, age, sex, including pregnancy and parental status, sexual orientation, gender, gender identity, physical or mental disability, genetic information, veteran status, or any other basis prohibited by law, that adversely affects the employee’s employment or that adversely affects the student.

13) DISCONTINUATION OF OPERATIONS

Should the School District or College elect to discontinue the operation of the **EARLY COLLEGE HIGH SCHOOL**, the provisions for serving the students will include the following:

- a) Notification of the discontinuation of the operation should be communicated immediately to the partnering high school and College administration.
- b) Based on the College’s assessment, the last accepted cohort may be allowed to continue as designated until students phase out of the 12th grade.

While in the process of discontinuing operation, the Designated High School may not enroll any additional students in the designated program in grades that have been phased out. In addition,

while the designated school is in the process of discontinuing operation, the designated program must continue to meet all of the required design elements and provide full support for all students enrolled in the designated program as mandated by the Texas Education Agency and other regulating partners such as Educate Texas.

14) INTERLOCAL AGREEMENT(IA)

This IA may be amended by mutual written agreement of both parties.

The College and the School District reserve the right to terminate this IA, by notice from either party in accordance with this IA or by operation of law. The College or the School District may terminate the IA no fewer than ninety (90) days prior to end of the semester during which notice was given. To be effective, notice must be submitted in writing, signed by the College President or the School District Superintendent and personally delivered to the other party to this IA.

15) NOTIFICATIONS OF NON-COMPLIANCE AND TERMINATION OF AGREEMENT

If a party fail to comply with any provision of this IA, the other party may issue a Notification of Non-Compliance (Notice). The Notice shall be in writing and shall describe in detail the nature of the alleged non-compliance. The Notice will be provided to the College President or to the School District Superintendent for review and action. Failure to correct any condition of non-compliance within ten (10) business days following receipt of the Notice may, at the option of the party which sent the Notice, result in termination of this IA at the end of the semester during which the Notice was sent.-Any provision in this IA which requires performance by either party after the termination of this IA including, without limitation, confidentiality obligations, limitations of liability, and exclusions of damages, and any other provision or partial provision that by its nature would reasonably extend beyond the termination of this IA, shall be and remain enforceable after such termination of this IA for any reason whatsoever.

IN WITNESS THEREOF, the parties have duly approved this Interlocal Agreement, executed in duplicate originals on this ____ day of _____, 2024.
